

South End Infant School
SEIS
ENGAGE EXPLORE ENQUIRE

SEIS CYBER RULES

Written by the pupils, agreed by our "Cyber Crew".

- We use the internet when we are with an adult . We know we have to be careful. We only go on sites our adults have checked first.
- We keep our **personal information** a secret when online
 - we don't tell people our full name
 - we don't tell anyone our address or the school we go to
 - we don't send photos on the internet/online
 - we keep our passwords safe
- We are **Stranger Aware**. When we are online, we only talk to people we know in real life.
- If we find a website/image/video, we don't like, we **tell a trusted adult** straight away.
- We are **ALWAYS** kind, polite and friendly in the real world and online.If someone upsets one of us online, we know who to ask for help.
- We know to **report our worries** instead of trying to fix it on our own.

NSPCC

Online Safety continues to be an integral part of our learning journey at South End Infant School. We deliver a Computing Curriculum, which enables and equips our pupils for the online world. We encourage problem solving, communication and digital resilience. Our pupils help to write our School Cyber Rules and they know them well.

This term we have be learning about - Keeping Personal Information Safe: Pupils at South End Infant School know that they must never share their full name, D.O.B., passwords, address, where they go to school or send photos. They know they should tell a trusted adult if someone asks them to share personal information and/or if anything makes them feel worried.
